◆ Thanks so much to Michael Nowicki. Michael was very friendly and respectful and changed light bulbs in 4 or 5 rooms.

◆ Thank you for fixing this so fast!

◆ The worker who came to clean my light was very kind and did the work in a timely manner, it was great to have it done!

◆ The man that came and fixed our heater knob was very nice and did a very fast and efficient job

◆ Burton [Moore] and his co-workers did an exceptional job removing shelving, bulletin boards, and doors and hauling everything away. They were extremely nice and friendly and worked very fast. We really appreciate Burton helping us so quickly and helping us to transform our offices into a more usable space. Thank you Burton!

◆ I appreciated the note, and the shower is much better!

I would like to send my appreciation for work above and beyond the call of duty.

Todd Hux noticed how loud the ambient noise in our hallway was.

He took it upon himself to identify the noise and take steps to minimize it.

It took several trips but he installed vibration eliminators on the condensing unit for our cold room.

It is noticeably quieter now and that is much appreciated.

Good afternoon, I want to take a minute to tell you about the exemplary service I received from Ophelia [Hill] and Frankford [Johnson] last week.

I was in need of someone to help me with travel arrangements and my normal person who does travel was on vacation. After attempting to get this done through another avenue it became evident that I would need someone within the Facilities Services family to help me.

I reached out to Ophelia, as I knew that she would have experience with creating and securing travel using the university's CABS system. Ophelia was more than willing to help with the travel and began taking care of the administrative work required to get the requests filled. On Thursday Ophelia found that she would be unable to get the travel approved because of a security access issue. She worked diligently using all of her resources to try and find a way to complete the travel request by the end of the day. At some time Frankford Johnson was required to become involved and got on the phone with individuals across the street at AOB in order to complete the request.

Both Ophelia and Frankford went above and beyond the service level expected for this request. I am grateful to both of them for their service, dedication and focus to see this through, especially since the issue was not resolved until late in the day on Thursday, which was the beginning of a holiday weekend.

Thanks again for everything!

Please give a BIG SPECIAL KUDOS to the guys who helped out with a flood in Coker hall on Wednesday Feb 27, 2013. Without hesitating these men jumped quickly into action to help contain the flood that started on the 4th floor and moved to the 3rd and 2nd floor. Because of their quick response and teamwork effort, they were able to stop the flood from reaching the first floor and causing more damage. Their names are as follows:

Banyanwe Mehn, Zone 225
Barry Womble, Zone 219
Donnell Jeffries, Zone 219
Roderick Alston, Zone 211
Saw Mya, Zone 209
George Crownson, Zone 211
James Edwards, Zone 225
Morris McLean, Zone 209
Donald Wright, Zone 225
Myint Aung, Zone 225
Ae Kaw, Zone 225
Zung Lian, Zone 209

Again please send a special kudos and recognition for their hard work, dedication and staying over after their shift to make sure the work was completed.

Thank you,

Robert Reese, Sr.

To: Steve Gooch (Grounds Services)

Steve,

Please pass along these accolades to your team.

Thanks.

Assistant Director

Department of Housing & Residential Education

Hi Steve,

I would like to submit a 'kudos' for the Ram Village Grounds crew: Lonnie [Wilkerson], Jose [Abad], Chris [Stark] and Jex [Harrison].

Their work this year has been phenomenal. The quad grass is extra green and they continue to beautify the area. Additionally, their attitudes and communication methods are fantastic. They are engaging and hard working.

Please let me know if there is anything else I can do to get my team recognized for their great work!

Thanks,

Danny Hall

Community Director for Ram Village

The Genome Sciences Building achieved LEED Gold certification for incorporating a variety of sustainable strategies to reduce energy use, conserve and reuse water and source sustainable materials. Established by the U.S. Green Building Council, Leadership in Energy and Environmental Design (LEED) is the nation's preeminent program for the design, construction, and operation of high performance, green buildings. Genome Sciences is the first building on campus to receive Gold certification.

Please give Kudos to my south campus taskforce team for a wonderful job they are doing. Please read the e-mails below. The task force members are:

Sylvia Bland, Zone 211

Donnell Jefferies, Zone 219

Saw Mya, Zone 209

Zung Lian, Zone 209

The carpet in the Dean's suite is so much better!—the odor is gone from all rooms except a trace in conference room 171. There was a water cooler, dehumidifier and fan sitting on the carpet in there near the room entrance, perhaps the source is in that area?

Thanks!

Also, the floors at Rosenau 2nd floor look fantastic!

To: Nancy Burton (Housekeeping Services)

Nancy – just wanted to let you know that Newton [Lawrence] and Robert [Cain] did a great job with our move on Friday. They had some tricky angles to negotiate and didn't whack a single corner of any of the walls they had to get around. They were cheerful and polite and easy to work with. They came back this morning to finish and were done expeditiously.

Thanks.
