

UNC Green Labs
Meeting Agenda
Bondurant Rm. 3076
9/27/17
[Google Hangouts Link](#)

- ◆ Energy: Green Guide checklist for casual audits
 - Full list to identify priorities. - [This List](#) will be discussed at meeting. Deadline for finalization - SPRING. Possibly make into a training module instead of trying to fund a workshop? Short sweet. Maybe as a baseline and then certification/medals for reaching certain standards/goals.
 - Freezer Challenge [best practices](#) to be incorporated? (Thanks Cindy)
 - Additional Links to [freezer practices](#) (Thanks Trisha)
 - Energy section needs to be focused toward lab-controlled actions.
 - Best way to select action items most important? - Easy to implement, low cost,
- ◆ Energy: Capstone - Next steps? David Salvinson(sp) is coordinator for Institute for the Environment. Find faculty member or lecturer to be academic partner. Cindy to work with Cindy.
- ◆ Energy: VWR Freezer Rebate Program - Waiting on testing and meeting with VWR sales rep. Eventual RESPC proposal. New unit shipping Oct 6th for testing. Jayne also met a LabRepCo representative that touts a Panasonic VIP Echo that is the most energy efficient on the market. To look into more!!
- ◆ All: GreenLabs sustainability workshop? - after we make the comprehensive list, decide if enough material.
- ◆ All: Monday, Sept 27th - Big 3 O's event update? - Great turnout!
- ◆ Energy: Fume Hood with Variable Rate Inventory - Cindy is putting together a comprehensive list of these hoods and we will identify which ones need magnets. Woohoo!!! 1278 hoods!
- ◆ David Darr at Lineberger - would know lab tech listserv info. We should look at whether similar things exist at other research spots. Perhaps we need to make a contact sheet with these compiled.

Next meetings: Oct 25th, Nov 29th
10-11am Location: Bondurant 3076

Attendees:

EDIT: Christina L., Cindy Register (remote), Obie St. George, Amy Preble, Tischan Seltzer

Regrets: Todd O'Buckley, Jessica O'Hara, Trisha Castranio (remote),
