None.
TLC Conservation Area Monitoring Report (Cont.)

Are property boundaries clearly marked? Note any new concerns about boundaries and signs of encroachment, and if existing problems have been corrected?

Yes. Boundaries clearly marked with signs. No areas of concern.

The Restrictive Covenants list eight restricted or prohibited uses and activities. Are there any violations of the following restricted or prohibited uses and activities?

A. Construction. Construction or placement of buildings, roads, billboards or other advertising, utilities or other structures on or above the ground is prohibited in the Conservation Areas. Construction or placement of signs is prohibited in the Conservation Areas except for directional and boundary signs, interpretive signs describing the conservation values of the Conservation Areas, and signs and kiosks prescribing rules and regulations for the use of the Conservation Areas. No new construction was observed.

B. Dumping and Landfill Activities. Dumping or placing soil or other substances or materials as landfill, or dumping or placing trash, waste or unsightly or offensive materials is prohibited in the Conservation Areas. No dumping or landfill activities were observed.

C. Vegetation Destruction. Removal or destruction of healthy native trees, shrubs or other vegetation is prohibited in the Conservation Areas, unless done as a component of an established forest management plan. The location of the past tree cutting in the Conservation area was documented in Photopoint 4. There was no new vegetation removal and the site appeared stable. No cause for concern.

D. Excavation or Dredging. Excavation, dredging or removal of loam, peat, gravel, soil, rock or other mineral substance in such manner as to affect the surface is prohibited in the Conservation Areas. No excavation or dredging was observed.

E. Detrimental Surface Use. Surface use except for forest or outdoor recreational purposes or purposes permitting the land or water area to remain predominantly in its natural condition is prohibited in the Conservation Areas. No detrimental surface use was observed.

F. Activities Detrimental to Drainage; Flood Control, etc. Activities detrimental to drainage, flood control, water conservation, erosion control or soil conservation are prohibited in the Conservation Areas. No activities detrimental to drainage, flood control or other listed items were observed.

G. Other Detrimental Acts. Other acts or uses detrimental to the retention of land or water areas are prohibited in the Conservation Areas. Based on our observation, the University has been a good steward of the Carolina North property; no detrimental acts were observed during our visits.
H. Construction of New Trails and Greenways. Construction of new trails (except for potential greenways and paths that are located and approved pursuant to the terms of the Development Agreement) is prohibited in the Conservation Areas. **No new trails or greenways were observed.**

Additional comments or observations

None.

To the best of your knowledge and observation, is the land owner complying with the restrictive covenants? **YES**
