DEPARTMENT OF THE ARMY  
WILMINGTON DISTRICT, CORPS OF ENGINEERS  
69 DARLINGTON AVENUE  
WILMINGTON, NORTH CAROLINA 28403-1343

April 27, 2012

Regulatory Division

Action ID: SAW-2010-01840

Ms. Karol Kain Gray  
Vice Chancellor of Finance and Administration  
University of North Carolina at Chapel Hill  
300 South Building  
Chapel Hill, North Carolina 27599

Dear Ms. Gray:

In accordance with your written request of January 4, 2011, including the revisions submitted on February 17 and March 25, 2011, and the ensuing administrative record, enclosed is a permit to authorize the proposed permanent placement of fill material into 452 linear feet of jurisdictional stream channel, 2.184 acres of jurisdictional wetlands; for the temporary placement of fill material into 70 linear feet of jurisdictional stream channel. These impacts are associated with the project identified as the Carolina North Project. The project site is a 947 acre property, with approximately 643 acres located within the Town of Chapel Hill and approximately 304 acres located within the Town of Carrboro, in Orange County North Carolina. The parcel is bounded by Martin Luther King, Jr. Boulevard (North Carolina Highway 86) to the east, Homestead Road (State Route 1777) to the north, single family residences fronting on Cobblestone Drive to the west and Estes Drive Extension (State Route 1789) to the south.

Any deviation in the authorized work will likely require modification of this permit. If a change in the authorized work is necessary, you should promptly submit revised plans to the Corps showing the proposed changes. You may not undertake the proposed changes until the Corps notifies you that your permit has been modified.

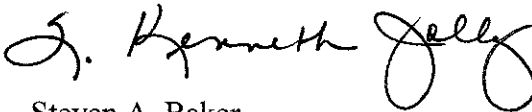

Carefully read your permit. The general and special conditions are important. Your failure to comply with these conditions could result in a violation of Federal law. Certain significant general conditions require that:

- a. You must complete construction before December 31, 2062.
- b. You must notify this office in advance as to when you intend to commence and complete work.
- c. You must allow representatives from this office to make periodic visits to your worksite as deemed necessary to assure compliance with permit plans and conditions.

You should address all questions regarding this authorization to Mr. Andrew Williams at the Raleigh Regulatory Field Office, telephone (919) 554-4884, extension 26.

Thank you in advance for completing our Customer Survey Form. This can be accomplished by visiting our web-site at <http://per2.nwp.usace.army.mil/survey.html> and completing the survey on-line. We value your comments and appreciate your taking the time to complete a survey each time you interact with our office.

Sincerely,

  
Steven A. Baker  
Colonel, U. S. Army  
District Commander
